

Project Owners & Contractors

PARTNERING FOR SUCCESS

Manitoba Building Trades views each project and partnership as an opportunity to build enduring relationships. You define the project scope and budget, we provide on time, on budget delivery while satisfying every expected quality requirement.

Through our 13 affiliated organizations, we lead the industry in providing the most qualified and productive skilled trades professionals at highly competitive rates - getting the job done right the first time, every time.

Our affiliates represent the following trades and construction professionals:

- Boilermakers
- Plumbers, pipefitters & welders
- Electrical workers
- Insulators
- Ironworkers
- Sheet metal workers, roofers, sheeters, deckers & cladders
- Millwrights
- Labourers, blasters & cement workers
- Plasterers & cement masons (finishers)
- Heavy equipment & crane operators
- Teamsters (drivers & transportation workers)
- Painters, sandblasters, glassworkers & floor workers

LABOUR COST & PRODUCTIVITY

Accounting for experience, quality and productivity, our costs are unmatched in the industry, as is our assured supply of skilled professionals to meet your project requirements. The skills and experience of our workforce offers the best quality workmanship.

In an industry characterized by high labour mobility and turnover, we offer an engaged and committed workforce that understands project risks and stays with the job until completion. Our people balance the project triangle - time, cost and scope - and offer industry-leading productivity.

PROJECT MANAGEMENT AGREEMENTS

Regardless of the size of your project or whether it is private, public, or a partnership, a project management agreement with Manitoba Building Trades is the right solution at the right cost. A project management agreement (PMA) offers:

- Cost certainty
- Security against labour disruptions
- Effective management of labour supply
- Avoidance of delays that may translate into cost overruns

Most importantly, a PMA ensures you have an engaged and vested partner that will work to mitigate risks. Our PMAs are adaptive and responsive to your project's unique requirements.

WORKFLOW ANALYSIS & SUPPORT

Our site representatives will work with your project managers and contractors to assess and understand labour requirements at various stages of the project and will work to improve workflow - maximizing productivity and minimizing labour costs.
